

January 3, 1943

Hello Bryant Students,

I am writing you to express my deep appreciation for your Christmas remembrance. I remember well the inauguration of the Bryant Service Club and the excellent support that the student body rendered. Now, through my own experience, I can fully realize why its success was so great.

Unlike many other fellows from Bryant, I have been very lucky in being stationed quite near home and I hope to be able to stop at the school in the very near future to renew a few acquaintances. So until then, I will say goodbye.

As ever

Thomas G. Brewer
